APPLICATION FOR PERMISSION TO CHANGE POINT OF DIVERSION, MANNER OF USE AND PLACE OF USE OF THE PUBLIC WATERS OF THE STATE OF NEVADA HERETOFORE APPROPRIATED

Date of filing in State Engineer's Office					
	The applicant William R. Tomerlin				
*****	P.O. Box 1048 Street and No. or P.O. Box No. Of Gardnerville City or Town				
	Nevada 89410 hereby make S application for permission to change the				
	Point of Diversion and Place of Use of a Portion Point of diversion, manner of use, and/or place of use				
of v	water heretofore appropriated under Permit 54401 Identify existing right by Permit, Certificate, Proof or Claim Nos. If Decreed, give title of Decree and				
ident	tify right in Decree.				

1.	The source of water is an Underground Source. Name of stream, lake, underground spring or other source.				
2.	The amount of water to be changed 0.283 CFS (127 GPM) See Attachment Second feet, acre feet. One second foot equals 448.83 gallons per minute.				
3.	The water to be used for Quasi-Municipal Purposes Irrigation, power, mining, industrial, etc. If for stock state number and kind of animals.				
4.	The water heretofore permitted for Quasi-Municipal Purpose (no change) Irrigation, power, mining, industrial, etc. If for stock state number and kind of animals.				
	The water is to be diverted at the following point. Within the NE¼ SW¼ of Section 10, T.12N., Describe as being within a 40-acre subdivision of public survey and by course and				
	R.19E., M.D.B.&M., or at a point from which the S½ Corner of said Section 10 distance to a section corner. If on unsurveyed land, it should be stated.				
	bears S 29° 15' E., a distance of 2,560 feet				
6.	The existing permitted point of diversion is located within the NW4 SE4 of Section 10, T.12N., R.19E If point of diversion is not changed, do not answer.				
	M.D.B.&M., or at a point from which the S½ Corner of said Section 10 bears S				
	00° 31' 46" W., a distance of 1733.4 feet				
7					
7.	Proposed place of use NW4 SW4, NE4 SW4, and Portions of the SW4 SW4, the SE4 SW4 and Describe by legal subdivisions. If for irrigation state number of acres to be irrigated. The NW4 SE4 and SW4 NE4 of Section 10 T 12N P 19E M D R &M D Douglas				
	the NW4 SE4 and SW4 NE4 of Section 10, T.12N., R.19E., M.D.B.&M., Douglas				
٠	County, Nevada				
8.	Existing place of use Portions of the SW4 and the E½ of Section 10, T.12N., R.19E., Describe by legal subdivisions. If permit is for irrigation, state number of acres irrigated. If changing place of use and/or				
	M.D.B.&M., Douglas County, Nevada manner of use of irrigation permit, describe acreage to be removed from irrigation.				
9.	Use will be from January I to December 31 of each year. Month and Day Month and Day				
10.	Use was permitted from January 1 to December 31 of each year. Month and Day Month and Day				
11.	Description of proposed works. (Under the provisions of NRS 535.010 you may be required to submit plans and				
	specifications of your diversion or storage works.) Well. pump and motor, distribution system State manner in which water is to be diverted, i.e. diversion structure,				
	and storage tank ditches, pipes and flumes, or drilled well, etc.				
12.	Estimated cost of works \$400,000				
13.	Estimated time required to construct works 2 years				

Compared bc/bc ab/se By. 5/B. J. Vasey By. 5/B. J. Vasey, PE, RLS, Vasey Engineering P. 0. Box 247 Minden, NV 89423 Protested. APPROVAL OF STATE ENGINEER This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions This permit to change the point of diversion and place use of a portion of the waters of an underground source as heretorore granted und Permit 54401 is issued subject to the terms and conditions imposed in said Permit 544 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and totalizing meter must be installed and maintained in the discharge pipeline near to point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins before the proof of completion of work is filed. If the well is flowing, a valve mube installed and maintained to provent waste. This source is located within an edesignated by the State Engineer pursuant to NRS 534.030. The State retains the rig to regulate the use of the water herein granted at any and all times. The print does not extend the permittee the right of ingress and egress public, private or corporate lands. The well must be sealed with coment grout, concrete grout or neat cement fr ground level to 100 feet. The issuance of this permit does not waive the requirements that the permit hold obtain other permits from State, Federal and local agencies. The total combined duty of water under Permits 58765 and 58766 shall not exce 25.76 acre-freet annually. Mork must be prosecuted with reasonable diligence and be completed on or before. March 9, 1994 Proof of beneficial use shall be filed on or before. March 9, 1995 Map in support of proof of beneficial use shall be filed on or before. Question 15

Two wells will be drilled and equipped to pump into a Quasi-Municipal water system which will serve 23 dwelling units. The water system will include a 253,000 gallon storage tank. This Application and another Application filed concurrently change a portion of Permit 54401 into the two proposed wells. One half (1/2) of the amount required for the 23 lots at 1.12 acre foot per lot (12.88 acre feet or 4,196,961 gallons per year) is being transferred into each well. The water rights and water system will be dedicated to Douglas County.

A copy of the Tentative Map for Sierra Country Estates, which has been approved by Douglas County, is enclosed.
